

## 2025 CORPORATE PARTNERS & SPONSORS PACKET

---

# Through our inclusive work, young people can *thrive*

Our programs and our people *empower* teens and young adults transitioning out of foster care to create their own journey to self-sufficiency.

# Dear Partners & Sponsors,

We reflect on the invaluable support and ongoing generosity of so many individuals and companies. Our partners are the foundation of our efforts to hear, support, and empower young people with lived experience in foster care. We are grateful for the commitment, and confidence conveyed through each gift.

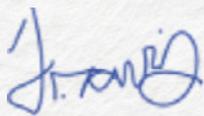

Thanks to these gifts, Foster Success has been able to support over 1100 young people on their journeys to self-sufficiency throughout the past year.

While we are proud of the work we do, our goals to expand our reach are monumental. By sponsoring these events, your organization plays a pivotal role in changing the lives of the more than 24,000 young people across the state of Indiana who are aging out of foster care. In return, your organization will receive significant visibility and recognition among our community of supporters, partners, and stakeholders.

As a sponsor, you can enjoy benefits such as:

- Recognition in event promotional materials and communications
- Logo placement on event signage and digital platforms
- Opportunities to engage with attendees and share your organization's commitment to social impact
- Complimentary tickets to the events for your team or clients
- Customizable sponsorship packages to align with your philanthropic goals

We would be honored to discuss how your organization can be a part of these transformative events. Together, we can create lasting change to empower the next generation on their unique journeys to self-sufficiency.

# Your Commitment, Their *growth*

Your commitment to our mission empowers young people like Dezirae and Rowan to grow and achieve their goals of education, homeownership, securing meaningful employment, and becoming active, engaged members of our community on their journey to self-sufficiency.

“ Besides the financial aspect of the scholarship, ETV has **supported me by being a listening ear** when I needed it most. If it weren't for my mentor, juggling home and school life would have been much more challenging.

“ My biggest barrier was learning how to be financially responsible. **Once I got connected with Foster Success,** I was able to take advantage of those **opportunities** to learn better financial skills.
